July 17, 2020

Dear Creston Families,

We hope this letter finds you well and enjoying your summer. I know many of you are anxiously awaiting a plan for reopening Creston School and we are excited to share plans with you.

I had the opportunity to work throughout the spring and summer with school leaders in the Flathead Valley to discuss plans for the opening of school this fall. We met regularly and worked closely with state leaders and the Flathead City-County Health Department and will continue to do so. Our local plan was developed by a committee of teachers, parents, administration and Board members with careful consideration of federal, state and county recommendations. We also considered the needs of our learning community through a survey.

The Creston School Board approved the Reopening of Creston School Plan this morning, which you will find below. We will keep you informed of any changes or additions to the plan when and if they arise.

The safety and wellbeing of our students, families, staff, and community continues to be our highest priority.

Sincerely,

Tami Ward
